- Whether you are a new or a veteran team manager, you will need to do a background check. This is absolutely free through DPS. If you end up on the site and it's asking you for a code or payment- let me know immediately so I can direct you to the correct link. The link below should work and you should see a DPS logo on the left of the page. [Click here](#) to get started and follow the link to "Start Volunteering."
