When you click the flyer above, a full PDF will download for you. Please share this flyer or the link with your school and ask them to post it in their e-newsletters, apps, or any other ways they may be able to share this information.

I am also including a [SIGN UP GENIUS](#) because we need your help! We need teams (former or current) and team managers to help us with this event. We would like managers to be at a table or two to answer questions from adults that are possibly interested in managing a team. We would love to have several teams there to share old solutions and examples of challenge solutions from the past and to answer questions, and we also need help managing food and instant challenges. If you are at all willing to donate a few hours of your time- this would be a wonderful opportunity! This is the first time we are trying this (we are partnering with North Metro!) and we are hoping it is successful and helps to share the DI experience and help new teams and managers feel more comfortable.

As always- thank you, thank you, thank you for all you do!
