

STARTING FALL 2019!

IF YOUR CHILD IS CREATIVE...

is crazy about puzzles, loves to paint and draw, can build anything out of cardboard boxes, writes amazing stories, thinks up whimsical new worlds, has a flair for drama and acting, is totally into science, or has rewired your toaster into a working time machine (or wants to), then you may have a Destination Imagination child.

WHAT IS DESTINATION IMAGINATION?

Destination Imagination (DI) is an international, educational program that gives kids an amazing outlet for their creativity, while teaching them leadership, teamwork, positive thinking, project management and so much more. Teams of 2 to 7 kids from 3rd grade through university level solve one of six open-ended Challenges (Scientific, Engineering, Fine Arts, Service Learning, Improvisation, or Technical) in their own unique ways, and present their solutions at Regional Tournament. ECE-2nd grade participate in our STEAM based Early Learning Challenge.

WHY SHOULD MY CHILD BE INVOLVED IN DESTINATION IMAGINATION?

Teams involved in DI learn higher order thinking and learn to excel in creative and critical thinking, collaborative problem solving, and project management. Students who have participated in Destination Imagination say they believe participation helped them improve their grades and do better in school, improved their self-confidence, helped them become better communicators, enhanced their respect for others, and improved their creativity and problem solving skills.
