

Strikes for S.T.E.A.M.

Join The CPI Group, Maxson Engineering, Swinerton Builders and DLR Group for a fun time bowling and networking to support STEAM-based learning opportunities for students around Colorado.

The sponsors will make a donation with every strike thrown to help Destination Imagination Colorado create tomorrow's creative problem solvers and collaborative leaders.

Destination Imagination is an international, project-based educational program that encourages innovation, teamwork and creative problem solving through an annual series of STEAM (science, technology, engineering, arts and mathematics) -based challenges.

DI Colorado organizes annual tournaments for students at elementary, middle and high school levels where teams showcase their solutions to the challenges.

Founded in 1982, DI has impacted more than 2 million students. To learn more, please visit: <http://destinationimagination.org>
