

Hello Team Managers!

Here are some important reminders for the State tournament:

- \* Please make sure only one team manger accompanies the team into the Plaza building.
- \* If you are the team manager for multiple teams, you may only go to your last scheduled IC.
- \* No timing or electronic devices are allowed in the Instant Challenge rooms; this includes team managers. You can remind teams that they can ask for the time remaining at any time during the challenge.
- \* We don't have Chill-Out rooms. After the challenge, you may find a spot away from other teams to quietly talk about the challenge with your team. Remind the team to not discuss the challenge with anyone else.

We look forward to seeing you on April 2nd!
