

Hello Improv teams, and welcome to the State Destination Imagination tournament!

Congratulations on a wonderful season! We are so glad to welcome you all back in in-person competition! We saw some great solutions at our regional tournaments and can't wait to see what you have in store for us at state!

You will be receiving your schedules soon, so we are including some helpful info to make your day easier. As in the past, all teams will be competing in the Tivoli Building on the Auraria campus on the 4th floor. Elementary and Senior Levels will be in 440 and Middle in 444.

All teams should plan to check in at the Prep Area at least 20 minutes before your scheduled performance times. Be sure to have your team's Tournament Data forms, Declaration of Independence (DoI) already uploaded on to the mobile scoring site.. If your team has any research notes, please make sure they are printed and that they do not include any plot scenarios or planned jokes or scripts. Research materials may only be about the festivals. You may also bring an unmarked copy of the challenge and a pencil to be used during your planning time. You may bring a wristwatch only, no stopwatches around the neck or iPads. Please don't bring any watches that beep or can connect to Wi-Fi. As the team members are allowed to have a watch, as per the challenge rules this year I would like to remind teams that they are not allowed to ask for time during the prep time, intermission or performance.

Another reminder for team members to keep in mind: the only props allowed this year are the 10 cardboard boxes the team needs to bring with them to the tournament. This means that team members should not be using any tables, chairs, etc in the room they are performing in during their skit, as these then become props and are not allowed.

Parking could be very tight, so plan enough time to get to campus, park and find your performance area. There will be lots of fun things to do while you're not busy performing, and there will be many different food options available.

We are in a Frenzy to see you all at State! It will be quite the Festival!

Please get in touch if you have any questions.
